Education

Program	Institute	CGPA/Percentage	Year
M.Tech in Computer Science	Walchand College of Engineering	7.4/10	2027
B.Tech in Computer Science	DOT, Shivaji University Kolhapur	6.7/10	2025
Higher School Education	Netaji Jr Science College, Mohol	83.17	2021
Secondary School Education	Netaji Prashala, Mohol	80.20	2019

Key Project & Review Paper

Smart maze solver

[GitHub](#)

- Developed a full stack web application using FastAPI and JavaScript.
- Enabled users to visually generate and solve complex mazes in real time.
- Implemented algorithmic logic using Recursive Backtracker for generation and BFS for pathfinding.
- Utilized a modern tech stack Python, FastAPI, HTML, CSS, and JS to ensure a seamless and efficient user experience.

The Vision to Action-AI's Evolution for Object Recognition: A Comprehensive Review

- Reviewed YOLO object detection architectures to optimize real time, vision guided robotic automation.
- Bridged the perception actuation gap by translating 2D visual coordinates into precise 3D inverse kinematic commands.
- Designed a closed loop system integrating deep learning perception, trajectory planning, and robotic grasping.
- Utilized CLAHE preprocessing to boost detection accuracy by 12

Technical Skills

- **Programming Languages:** Python, HTML, CSS, JavaScript
- **Web Technology:** ReactJs, NodeJs
- **Database & Tools:** MySQL, GitHub
- **Course Work:** DSA , OOPS, DBMS

Profiles

- [LeetCode](#)
- [GitHub](#)

Language Known

- Marathi
- Kannada
- English
- Hindi

Interest

- I have a keen interest in video editing and designing, and have contributed these skills to club activities.

Hobbies

- Travelling – Passionate about exploring new destinations, cultures, and experiences, always seeking opportunities for personal growth and adventure.
- Poetry – Enthusiastic about writing and reading poetry, finding creative expression through words and emotions
